

FerroCon®

Technical data

Coating technology:

HiPIMS

Coating material:

AlTiN-based

Color:

Anthracite

Max. operating temperature:

1,100 °C

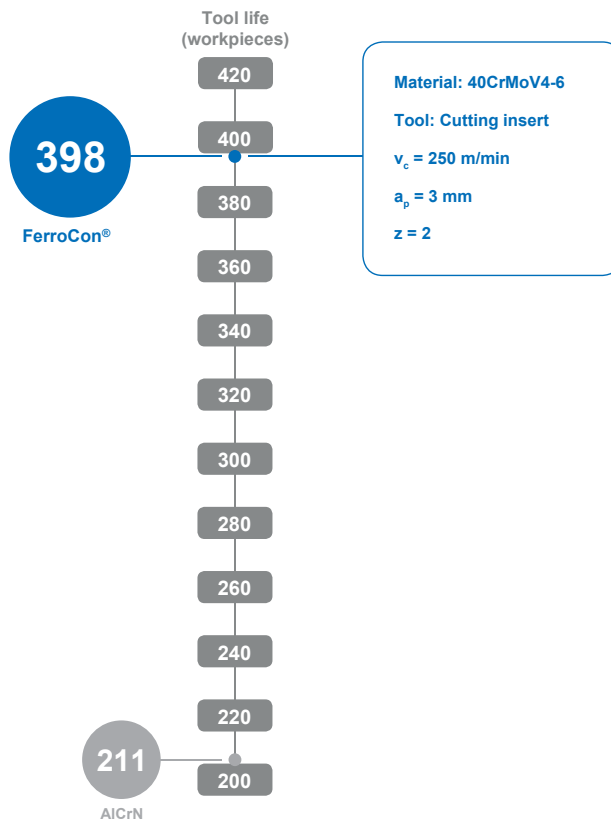

Available coating thicknesses:

≈ 3 μm	—	•	•
≈ 4.5 μm	•	—	—
≈ 6 μm	—	—	•

for unalloyed, alloyed and high-speed steel

Performance thanks to HiPIMS
